

HEY BAND!

Enclosed you will find information on the Poinsettia Fundraiser. Here are a few notes about the products to help you be a better salesperson:

Each poinsettia comes in a 6-inch pot with a foil covering. These plants contain 2-3 cuttings per pot making them big and full, comparable to those you can purchase at a florist. The cost of the plants is \$15 each whereas florists sell them for \$20-\$25. White poinsettias are available with a minimum quantity order of 20 (\$280).

Poinsettia trees are also available for \$50 each. Trees are between 4-5 feet tall and 2 feet wide.

The greenery is a Traditional Noble Fir Mix and includes a combination of noble fir, incense cedar, berry, juniper, ponderosa cones, red cedar, salal, princess pine cones, red huckleberry, seeded eucalyptus and silver fir. The wreaths are standard size (~24" wide). Garland is available in 10 or 25 foot lengths.

Payment is due at the time of order.
